

# PROVIDING PARENTING SUPPORT HOPES

**Healthy Outcomes through Prevention and Early Support (HOPES)** aims to strengthen all families in Bexar County with children ages 0-5 years old to prevent child abuse and neglect through two methods: direct services and support of a community coalition.

Direct services include home visiting services, programs that build protective factors, parent support groups, maternal depression screening, early literacy promotion, case management and parent education.

HOPES also includes local collaborations with health care, faith-based organizations, child welfare, early childhood education and other family services in the community.

## How We Measure Success

- Children remain safe during and after program services
- Increasing protective factors, such as family resiliency and social support, to reduce the likelihood of abuse

## OUR IMPACT

**506** families

are participating in HOPES

**95%** children

in HOPES programming remain safe

**92%** families

demonstrate an increase in nurturing, bonding and parenting supports

## HOPES Impact and Community Partners:

Any Baby Can, Catholic Charities, The Center for Health Care Services, The Children’s Shelter, DePelchin Children’s Center, Empower House SA, Family Service Association, KLRN, Respite Care of San Antonio, Inc.
