

VOLUNTEER CENTER

PROJECT WARMTH

The **United Way Project Warmth** is a winter donation drive that helps provide brand new coats and accessories to families enrolled in United Way's Dual Generation, HOPES, MIECHV and SMVF initiatives.

These programs serve families with children ages 0-18 years old. Our goal is to provide 500 new coats to children we serve, providing them with warm clothing to comfortably enjoy the winter season.

Supports United Way grant-funded programs

Frequency: Annually

Time period: October - November

Sponsorship levels: \$500 - \$2,500
