

# Join the Alamo Quality Pathway

The Alamo Quality Pathway can help your early childhood education center achieve and maintain Texas Rising Star (TRS) certification through individualizing coaching, mentoring and support. United Way of San Antonio and Bexar County, Education Support Center (ESC-20) and Workforce Solutions Alamo are partnering together to help centers increase the quality of early childhood education across our community.

## How We Can Help

- Our coaches are offered at no additional cost to early child care centers
- We offer judgement-free support to help centers achieve their goal quality
- We can help you keep state funding by becoming TRS certified

## Support at Every Step

Our coaches will identify your individual needs and work collaboratively with you to prepare for your TRS mentor.

Your TRS mentor will work closely with you to prepare for the TRS assessment.

After you complete your certification, we will support you to maintain your status. We can also continue to help you achieve three- and four-star certification.

## Get Started Today

- Contact your TRS mentor
- To find out who is your TRS mentor, please email [AQP@unitedwaysatx.org](mailto:AQP@unitedwaysatx.org).
